Our vision and mission

The Collie Art Gallery will be a cultural centre that provides opportunities for all members of the Collie community and visitors to enjoy, participate in and learn from the arts.

This will be achieved by providing greater balance and diversity in the provision of creative and cultural activities for regional and community members by increasing access to, interest and participation in the arts.

The gallery will provide a high quality visitor attraction of a national standard, drawing new people to the region and showcasing a broad range of talent and achievement.

It will create an environment that enables the development of innovative and talented individuals and groups through a range of programs and events.
